

Nevada NAFA

Qualifying Guidelines

State Tournament

- Participate in two Nevada NAFA qualifiers between January 1, and the State Tournament.

Western Nationals

- Finish top 2 in any Nevada NAFA qualifier between January 1 and the State Tournament.
 - If a team finishes top 2, and already has a berth, the berth will be passed down as far as possible, as long as the team has a 3-2 record or better in that qualifier.
 - Teams earning berths may continue to participate in NAFA qualifiers, but their roster is frozen and player add/drop guidelines are in effect.
- Finish first in the State Tournament.
 - Should the first place team decline the berth, it will not be passed down.
- Teams qualifying for the Western Nationals **MUST** participate in their State Tournament prior to attending the Western Nationals. **This is a mandatory requirement.** Teams must pay **AND SHOW** to the State Tournament. Sending entry fee does not automatically allow the team to advance to the Western Nationals. If entry fee to the Western Nationals is paid, and the team is not eligible to go, the entry fee will be refunded. Should teams pay in advance for travel or hotel expenses for the Western Nationals, and not be eligible to go, these fees may be forfeited or penalties assessed.
